"A delight, continuously inventive, truthful, intelligent, as funny as Buster Keaton or Dafydd ap Gwilym."  
*Independent on Sunday*

"I'm convinced that Finch is one of the most exciting poets writing today on these islands, pushing the idea of poetry out as far as it can go, stretching the elastic band to snapping point and beyond. Finch is so good because of his constant need to create and recreate, and his refusal to accept barriers. We need more poets like him."
